

ESHO School

Hyperthermia & Thermal Ablation in Cancer Therapy

Feb 3rd -6th 2014

Huntsham Court, Huntsham, Devon, UK

<http://www.huntshamcourt.co.uk>

This multi-disciplinary ESHO school is suitable for those who are new to the fields of hyperthermia and thermal ablation, and for those who feel the need for an update or refresher course. Lectures from well known experts on biology, physiology, physics & clinical applications will provide participants with a better understanding of the field, especially outside the areas of their immediate expertise.

This ESHO School will take place in beautiful Huntsham Court in South West England. Participants can register for the 3-day program including full board at the special price of € 500. The number of places is restricted so act fast and register today with Gail ter Haar (gail.terhaar@icr.ac.uk)

Directors: Gerard van Rhoon (NL)
Gail ter Haar (UK)
Hans Crezee (NL)
Mike Horsman (DK)
